

## QUALITY, SAFETY AND COMPLIANCE WITH HALAL REQUIREMENTS

Moellhausen is a family-owned company with a strong industrial vocation and a well-established international presence. In the countries where the Group operates, we share a common vision focused on creating long-term value for the market, people, and society, through a responsible, conscious, and long-term-oriented approach.

In line with the Group's strategy, based on the pillars of internationalization, specialization, innovation, and sustainability, Moellhausen defines specific commitments to meet the needs of markets and customers requiring Halal compliance, in accordance with the company's values and the principles set out in the Group's Code of Ethics.

This Halal Policy is aligned with the Group Quality Policy, with which it shares principles, approach, and management tools.

Halal management is implemented through structured and controlled systems and is based on compliance with applicable legal, regulatory, and contractual requirements. In particular, Moellhausen ensures that Halal products are designed, manufactured, and supplied across the entire value chain through controlled management of raw materials, processes, and operational flows, supported by the application of Good Hygiene Practices (GHP), Good Manufacturing Practices (GMP), and Halal operational practices, as well as by traceability and document control systems supporting compliance.

Moellhausen recognizes the central role of people in the effective management of Halal requirements and promotes the development of competencies, clear definition of responsibilities, and effective internal communication, ensuring training and awareness for the personnel involved.

This Policy serves as a reference for the definition and periodic review of measurable quality objectives, in line with the Group's strategy and operating context.

Every person, at every level of the organization, is called upon to actively contribute to building a reliable, consistent, and value-driven customer experience, as a concrete expression of the identity and values of the Moellhausen brand.
